Product Specification

Vector
Acoustic Cushion

Vector is a dense, flat sponge rubber cushion with fine pitch polyester-reinforced tan backing on the top side and fiberglass reinforced white polyester on the bottom. Vector is an acoustic cushion for laminate and wood floors.

<u>Characteristic</u>	<u>Specification</u>
Material Content:	SBR Rubber
Length / Roll:	36'
Width / Roll:	54" (4'6")
Thickness, inch:	.120
Weight/Yd ²	70 oz.
Square Ft per Roll:	162
Density, lb/cf:	50
Backing – Top	Non-Woven
Moisture Resistance:	98% or greater non-absorbancy
Roll Color:	Black
Roll Weight:	83 lbs.
Wrapping:	Clear
Acoustic Data:	
IIC Rating (ASTM E492-90) Impact Sound Transmission through floor / ceiling	61 dB (with laminate)
STC Rating (ASTM E90-90) Airborne Transmission Loss	STC 54 (under laminates)
Flammability	
ASTM – E662 (Smoke Chamber)	Pass
ASTM E-84 (Steiner Tunnel)	Class B
DOC FF-1-70 (Pill Test)	Pass
Toxicity	
Protocol: University of Pittsburgh SWRI Standard	Less than red oak. (accepted industry standard)
